

Education-oriented Webinar Series:

# Important points in writing attractive articles and how to avoid common mistakes

Presenter:

**Dr. Houman Goudarzi** (Hokkaido University, Japan)

Date & time:

**Dec. 15 (Wed.) 2021, 18:15 to 19:45 (LIVE)**

Description: In this webinar, Dr. Goudarzi will present his experience and opinions regarding the practical tips on organizing data to deliver compelling messages in scientific papers. He suggests improvements for precise writing and increases your chances of getting your work published in life and medical sciences. This webinar will also present the most common mistakes and errors made in research articles and how to avoid them not to annoy journal reviewers. It helps you to write with greater clarity, impact, and confidence.

Bio: Dr. Goudarzi is a tenure-track faculty member at Hokkaido University, experienced in scientific writing for more than 15 years. He is an editor and reviewer of several international scientific journals in life and medical sciences. He has authored more than 50 peer-reviewed articles in international high-impact journals with more than 2,000 citations in the last seven years.
